

Here we are getting closer to curling every day! We did have a set back though after cooling the floor for 5 days to start our first flood, the condenser on the roof sprung a leak! So, we have had that repaired (thanks to Brad with BJC HVAC along with Rick, Dale & Harry), which has set up back a few days.

We will have a Registration Day on October 20th so that we can prepare teams for the leagues. All league registrations can be done Wednesday October 20th 9:00 - 11:00 am or 6:00 - 7:00 pm.

We are following all mandate protocols. To be able to curl you must show proof of being double vaccinated. Masks must be worn in the public spaces but are not required out on the ice.

We will be in contact later if things change but as of right now curling will start Wednesday Oct 27th 1:00 pm and Friday October 29th at 7:00 pm.
